

**VADM Carter's Presentation:**

-This is his last year as Supe.

-Incoming class of 2021 "looks good." 16,500 applicants and last year's yield was 87%, which is the highest in the country (yield = number of "yes" responses to offers)

-USNA was awarded its 3<sup>rd</sup> MUC [Meritorious Unit Commendation] from the SecNav; this is the 1<sup>st</sup> award of that medal since 2008.

-For the second time in two years, USNA won the DHS **National Cyber Exercise** against many participants, to include the private sector as well as federal, state, and international governments, including Australia, Canada, New Zealand, and the United Kingdom. Eleven cabinet-level agencies participated in Cyber Storm II, including the Department of Defense and Department of Justice. Nine states fully participated: California, Colorado, Delaware, Illinois, Michigan, North Carolina, Pennsylvania, Texas, and Virginia. Private sector participants were coordinated through Information Sharing and Analysis Centers, Sector Coordinating Councils, and Government Coordinating Councils. Over 40 private sector companies from four critical infrastructure sectors participated in the exercise. Through the interaction between the public and private sectors, the exercise accurately simulated the interdependencies of the world's cyber and communications networks. VP Mike Pence spent over half an hour in the White House with the 15-man team from USNA.

-**Parking Garage** update: should have already been done, however, the concrete for the second deck was substandard, and had to be redone. New completion date for the garage is now December 2017.

-The **Hopper Cyber Building** broke ground last October. It is approx. 200k square feet and is between Rickover & Nimitz library. It has to appear modern, but fit in. Target for completion is still Fall of 2019, with FOC Fall of 2020. It will have a SCIF, a lot of lab space, and a new flood wall.

-The Supe testified on the Hill last month, regarding USC – **Unwanted Sexual Contact**. Lots of details that I can share with you one on one, but not for this forum. The Academy is doing a lot of good work on response time and prevention with SHAPE (Sexual Health & Assault Peer Educators).

## **NAVY Sports**

-Ricketts Hall going under a transformation the next two years; a rehab center will be incorporated into the new facility.

-All sports captains are now stripers, like a company commander; they go to Gettysburg for leadership seminar, etc.

-Of the 23 Army-Navy competitions, Navy won the most.

-Class of 2017, 86% got first choice & 25% went Marine Corps. Of the 54k AD officers, 95% of USNA grads are unrestricted line – less than 50% of the AD force are URL.
